Job Details

This is a probationary position with the opportunity to become continuous, based on evaluations. The successful candidate will be a specialist in at least ONE of the above fields, with the ability to teach a CTS Options Course at either the junior or senior-high level. We have a collective agreement and salary grid.

School Details

Aurora Academic Charter Secondary School is a Grade 8-12 public school that believes students can achieve excellence within a direct instruction environment. Secondary School enrolment is approximately 400 students from diverse backgrounds, and class sizes are approximately 24-28 students. The purpose of AACCS is to empower learning excellence, and we offer an enhanced and highly structured program. Please visit the school website at <https://www.highschool.auroraschools.ca/> to learn more about the unique program offered at Aurora School.

Teachers are key to building the sense of community and culture within the school, and have a wide range of responsibilities given that the building opened this year. While teachers need to be subject matter experts, their leadership and team-building skills are just as important to the success of the school. School safety is paramount, so teachers contribute to the supervision and safety plan as well as having supervision responsibilities.

All members of the school community are expected to contribute to a feeling of belonging and a passion for learning. Teachers are responsible for creating and maintaining a positive learning environment and building professional relationships with students, staff, and parents. Teachers will need to vary the instructional strategies, motivational techniques, and remediation strategies depending on the needs of their students with a goal to enhancing academic achievement. Staff are responsible for building relationships with parents and keeping them informed about student progress, strengths, and specific strategies for growth.

If you are looking for an adventure, have a passion to help students, and want to help build a program that is one of the best in the province we invite you to apply. Please include information about what extracurricular activities you would be interested in providing. Aurora School has a collective agreement and follows the provincial limits on assignable and teaching time. We believe that staff wellness is a priority, and offer a competitive benefits package.

General Qualifications

- Education Degree from an accredited institution
- Current Alberta Teaching Certificate (interim or permanent)
- Successful teaching experience in grades 10-12
- Experience in a homeroom environment would be beneficial
- Experience teaching Advanced Placement or International Baccalaureate would be beneficial
