Background/Purpose:

The role of the Teacher should reflect Aurora School’s philosophy and organization.

Policy Statement:

Teachers have a foundational role in supporting the academic and social development of students.

Guidelines:

1. The Teacher is responsible for:
 - a) the achievement of the mission and educational goals established for the school as stated in the charter
 - b) the implementation of Board policies and administrative directives within the contractual agreement
 - c) the maintenance of professional relationships with school staff, students, parents, and other affiliated groups or organizations
 - d) instruct students using direct instruction methodology, in keeping with the Aurora Academic Charter School Direct Instruction Model
 - e) instruct from a student-centred approach
 - f) implement curriculum from the Aurora Academic Charter School Scope & Sequence
 - g) acting in collaboration with school administration as a partner in research and innovation

Accountability:

Principals and Superintendent
