September 17, 2026

TABLE OF CONTENTS

Board Policies

Board policies are statements that relate to the governance of Aurora Academic Charter School (AACS). They create a framework for the Board of Directors, Superintendent and staff to carry out their responsibilities and may contain statements of values, beliefs, expectations, and specific requirements. Some policies are broad-based and speak to Alberta Education requirements and School Act legislation, while others are specific to AACS' unique needs.

All Board Policies must be approved, and regularly reviewed, by the Board of Directors.

Administrative Regulations

Administrative Regulations relate to the administration of AACS. These regulations, established by the Superintendent, outline the procedures and practices that direct staff work to meet the expectations or requirements of board policies. Administrative Regulations do not require the approval of the Board of Directors.

BOARD CODE
OF CONDUCT
FOUNDATIONS AND PHILOSOPHY

Adopted: June 15, 2015
Revised: November 18, 2024
Review: 2029

Background/Purpose

Board membership is a significant challenge and responsibility. Decisions made by Board members directly affect the quality of educational services provided to students and the overall direction of the school. The importance of this role substantiates the need for Board members to establish and adhere to a Code of Conduct

Policy Statement

The Board of Directors commits itself and its members to conduct that meets the highest ethical standards and is focused on students' best interests. All personal interactions and relationships will be characterized by mutual respect, while acknowledging the dignity and worth of each person.

Consequences for the failure of individual Board members to adhere to the Board Code of Conduct are specified in Appendix II: Board Code of Conduct Sanctions.

Guidelines

1. Board Members are responsible to:
 - a. think in terms of students first;
 - b. understand that the basic function of Board members is governance and policy-making, and accept the responsibility of learning to discriminate between governance and operations;
 - c. participate in Board governance training at the commencement of their term, or as otherwise deemed appropriate.
 - d. be well-informed concerning the duties of Board members and the proper functions of the school;
 - e. understand AACS policies and procedures, meeting agendas, and reports, and arrive prepared for Board meetings;
 - f. follow communications protocols as outlined in Appendix I: Board Communication Matrix
 - g. accept the responsibility for seeking the improvement of education throughout the province of Alberta;
 - h. ensure the presence of the Superintendent and Secretary-Treasurer at regular meetings of the Board;
 - i. grant the Superintendent opportunities for discussion at Board meetings.
2. Board Member Responsibility to the School Community

Board members shall:

 - a. fairly appraise both the present and the future educational needs of the school community;
 - b. support school community aims and activities;
 - c. ensure that all school business transactions be conducted on an ethical basis; and
 - d. refuse to use their positions on the Board for personal gain, including financial, professional, or reputational advantages.

3. Board Member Relationship with Other Board Members

- a. recognize that authority rests only with the Board, as a whole, in official meetings and that an individual member has no authority to commit the Board to any course of action or position.
- b. recognize the integrity of their predecessors and associates and the merit of their work;
- c. make decisions only after relevant facts bearing on the subject are made known; and
- d. actively listen and hear each other, are open-minded, use courteous language and behaviour, take ownership of their behaviour and decisions, are transparent in their agendas, are solution-focused, and act on the behalf of the team.

4. Board Member Relationship with Staff

Board members shall:

- a. strive to procure the best professional leaders when vacancies exist;
- b. allow administration full authority for properly discharging their professional duties and expect responsibility for the achievement of desired results within established parameters;
- c. maintain a positive working relationship with the Superintendent and staff; and
- d. respect the confidentiality of privileged Board business and decision-making.

5. Board Member Conflict of Interest

Each Board member is directly responsible to the membership and to the Board. Upon election to office, Board members assume a position of public trust and are expected to conduct themselves in a manner that shall not impair the trust accorded to them or to the Board.

- a. The Board expects that:
 - i. all Board members shall be familiar with sections 85 to 90 of the Education Act, the Charter School Regulation, the articles of association, and the Aurora charter document.

 - iv. whether a conflict exists shall be determined, if necessary, by the remaining Board members voting on the issue.
- b. The Secretary-Treasurer shall record any declaration of a conflict of interest in the minutes of the meeting at which such declaration is made.

2. A Board member who believes that a fellow Board member has violated the Board Code of Conduct may seek resolution of the matter through appropriate conciliatory measures before commencing an official complaint under the Board Code of Conduct.

3. A Board member who wishes to commence an official complaint under the Board Code of Conduct shall file a letter of complaint with the Board Chair within thirty (30) days of the alleged event occurring and indicate the nature of the complaint and the section or sections of the Board Code of Conduct that are alleged to have been violated by the Board member. The Board member who is alleged to have violated the Board Code of Conduct and all other Board members must be forwarded a copy of the letter of complaint by the Board Chair or, where otherwise applicable in what follows, by the Vice-Chair, within five (5) days of receipt by the Board Chair of the letter of complaint. If the complaint is concerning the Board Chair's conduct, the letter of complaint shall be filed with the Vice-Chair.
4. When a Board member files a letter of complaint, and a copy of that letter of complaint is forwarded to all Board members, the filing, notification, content and nature of the complaint shall be deemed to be strictly confidential, the public disclosure of which shall be considered to be a violation of the Board Code of Conduct. Public disclosure of the complaint and any resulting decision taken by the Board may be disclosed by the Board Chair only at the Board's direction, following the complaint's disposition at a Board Code of Conduct hearing.
5. To ensure that the complaint has merit to be considered and reviewed, at least one (1) other Board member must provide to the Board Chair within three (3) days of the notice in writing of the complaint being forwarded to all Boards a letter indicating support for having the complaint heard at a Board Code of Conduct hearing. Any Board member who forwards such a letter of support shall not be disqualified from attending and deliberating upon the complaint at a Board Code of Conduct hearing convened to hear the matter, solely for having issued such a letter.
6. Where the Board Chair receives no letter supporting a hearing in the three (3) business day period referred to in section 5 above, the complaint will not be heard. The Board Chair shall notify all other Board members in writing that no further action of the Board will occur.
7. Where a letter supporting a hearing is received by the Board Chair in the three (3) day period referred to in section 5 above, the Board Chair shall convene, as soon as is reasonable, a special meeting of the Board to allow the complaining Board member to present his/her views of the alleged violation of the Board Code of Conduct.
8. At the said special meeting of the Board, the Board Chair shall indicate, at the commencement of the meeting, the nature of the business to be transacted and that the complaint shall be heard in a closed session of the special meeting.

Without limiting what appears below, the Board Chair shall ensure fairness in dealing with the complaint by adhering to the following procedures:

- a. The Board Code of Conduct complaint shall be conducted at a closed session, Board Code of Conduct hearing, of a special Board meeting convened for that purpose. All preliminary matters, including whether one (1) or more Board members may have a conflict of interest in hearing the presentations regarding the complaint, must be dealt with before the presentation of the complaint on behalf of the complaining Board member.
- b. The sequence of the Board Code of Conduct hearing shall be:
 - i. The complaining Board member shall provide a presentation which may be written or oral or both;
 - ii. The respondent Board member shall provide a presentation which may be written or oral or both;
 - iii. The complaining Board member shall then be allowed to reply to the respondent Board member's presentation;
 - iv. The respondent Board member shall be provided a further opportunity to respond to the complaining Board member's presentation and subsequent remarks;
 - v. The remaining Board members of the Board shall be allowed to ask questions of both parties;
 - vi. The complaining Board member shall be allowed to make final comments; and
 - vii. The respondent Board member shall be allowed to make final comments.
- c. Following the presentation of the parties' respective positions, the parties and all persons other than the remaining Board members who do not have a conflict of interest must leave the room, and the remaining Board members shall deliberate in private, without assistance from administration. The Board may, however, in its discretion, call upon legal advisors to assist them on points of law or the drafting of a possible resolution.
- d. If the remaining Board members in deliberation require further information or clarification, the parties shall be reconvened and the requests made in both parties' presence. If the information is not readily available, the presiding Chair may request a recess or, if necessary, an adjournment of the Board Code of Conduct hearing to a later date.

- e. In the case of an adjournment, no discussion by Board members whatsoever of the matters heard at the Board Code of Conduct hearing may occur until the meeting is reconvened.
 - f. The remaining Board members in deliberation may draft a resolution indicating what action may be taken regarding the respondent Board member.
 - g. The presiding Chair shall reconvene the parties to the Board Code of Conduct hearing and request a motion to revert to the open meeting to pass the resolution.
 - h. All documentation related to the Board Code of Conduct hearing shall be returned to the Superintendent or his or her designate immediately after the Board Code of Conduct hearing and shall be retained according to legal requirements.
 - i. The presiding Chair shall declare the special Board meeting adjourned.
9. A violation of the Board Code of Conduct may result in the Board instituting, without limiting what follows, any or all of the following sanctions:
- a. Having the Board Chair write a letter of censure marked "personal and confidential" to the offending Board member, on the approval of a majority of those Board members present and allowed to vote at the special meeting of the Board;
 - b. Having a motion of censure passed by a majority of those Boards members present and allowed to vote at the special meeting of the Board;
 - c. Having a motion to remove the offending Board from one (1), some or all Board committees or other appointments of the Board passed by a majority of those Board members present, excluding the offending Board member, and allowed to vote at the special meeting of the Board;
 - d. Having a motion to terminate the offending Board member's membership on the Board passed unanimously by those Board members present and allowed to vote at the Board's special meeting.
10. Notwithstanding, the Board member may be removed from office by the passage of a special resolution at a Special Meeting of the Society.
11. The Board may, in its discretion, make public its findings at the special meeting or at a regular meeting of the Board where the Board has not upheld the complaint alleging a violation of the Board's Board Code of Conduct or where there has been a withdrawal of the complaint or under any other circumstances that the Board deems reasonable and appropriate to indicate its disposition of the complaint publicly.

POLICY MAKING
FOUNDATIONS AND PHILOSOPHY

Adopted: June 15, 2015
Revised: September 17, 2026
Review: 2031

Background

Board Policies are one way the Board of Directors (the Board) provides the administration and staff with a framework within which to discharge their responsibilities and duties in order to achieve the outcomes sought by the Board, pursuant to the School's Charter and current legislation and associated regulations. Policies also serve as a source of information and guidance to all that may be interested in or concerned with the school.

Purpose

To provide clarity about the development and approval of Board Policies.

6. Stakeholders may, at any time, request through the Superintendent or Board Chair that the Board give consideration to the development of new policy or to an amendment to an existing policy.
7. The Board may, by motion, suspend the application of a Board Policy in whole or in part where circumstances warrant, provided that doing so does not conflict with legislation, regulation, the School's Charter, contractual obligations, or principles of procedural fairness. 8. The Board may, under exigent circumstances, invoke a new policy without the customary three readings.

Role of the Board of Directors**Background/Purpose**

The Board of Directors (Board) of Aurora School is established pursuant to the Education Act and the school's Charter to govern the affairs of the school. Its function is similar to that of a Board of Trustees of a non-Charter public school jurisdiction.

Policy Statement

The Board, as a representative of the parents and other stakeholders of the school, is a governing decision-maker and direction-setter. The Board:

- integrates information from many sources;
- processes that information;
- evaluates the information and makes a decision compatible with the school's beliefs, values and goals as reflected in its Charter and "Foundations and Philosophy" policy statements.

Guidelines

In accordance with law, Alberta Education directives, the school's Charter, school community expectations, and in support of the school's Mission Statement, the Board's role includes the following:

- accountability to the Minister of Education on the operation of Aurora and the adherence, pursuit, and/or attainment of Aurora's vision, mission, values, goals, and objectives.
- representing the interests of the school community and reflecting the values of that community in its decision making;
- serving as an advocate for and steward of the school;
- responding to media requests via the Board Chair;
- setting priorities and policies to provide leadership and overall direction for the school;
- allocating resources for the school to fulfill its responsibilities;
- monitoring the implementation of policies;
- monitoring the results achieved by the school;
- reporting the results achieved to its public;
- hiring and evaluating the Superintendent of Schools

BOARD POLICY
2030
BOARD
COMMUNICATION
PROTOCOLS
GOVERNANCE AND OPERATIONS

Adopted: June 15, 2015
Revised: December 16, 2021
Review: 2027

Background/Purpose:

Engagement with Stakeholders is a primary goal of the Aurora School Board. The following protocols recognize the importance of clear engagement and communication through the correct channels.

This policy is in place to:

- provide a framework that outlines who should communicate with whom, when they should do so, and the scope of communication with attention to potential conflict of interest and confidentiality;
- ensure clear and consistent protocols for all Directors to prevent any miscommunication or damage to stakeholders' and Directors' confidence; and
- respond to requests for information or reporting.

Board communications are:

1. a clear and united message, through the Board Chair, unless otherwise delegated;
2. only on issues within the scope or authority of the Board;
3. considerate of the Board's responsibility to the public;
4. consistently aligned with Aurora School policies and processes;
5. considerate of confidentiality obligations.

Policy Statement:

In recognition of Aurora School's mission, vision and values, the Communication Protocols for its Board of Directors supports the transparency of practices, expectations and roles. Clear, consistent processes are critical to ensuring effective, consistent messaging with stakeholders in accordance with Aurora School's mission, vision, and values.

Guidelines:

1. **Formal Board Communications**
 - a. All media requests should be directed to the Board Chair or the school's designated media representative as appointed.
 - b. The Superintendent, or delegate(s), communicates on behalf of, and represents Aurora School.
 - c. The Board Chair communicates on behalf of, and represents the Board of Directors.
 - d. Individual members of the Board of Directors refer all enquiries to the Board Chair and Superintendent. This applies to event invitations, media, public, management, staff and other stakeholder requests and communications.
2. **Informal Board Communications**
 - a. Individual Directors will inevitably and legitimately have informal communications with stakeholders, including staff, parents/guardians, and other stakeholders. In all these instances, it is incumbent upon Directors to be explicitly clear that they are communicating in a personal capacity and not in a Board capacity.
 - b. If specific operational issues arise, It is appropriate for the Director to direct the individual to the appropriate communication channels in accordance with Board Policy 2035.

3. Media Relations

- a. In the interest of keeping Directors aware of issues, the Board Chair and Superintendent will share relevant media and other emerging communications issues or requests.
- b. In instances where the issues are high profile or contentious, the Board Chair and/or Superintendent will ensure that Directors receive key messages in a timely manner.
- c. Directors will refer any requests for media interviews to the Board Chair and Superintendent.
- d. Media requests for information may require a timely response and will be handled on a priority basis.
- e. The Board Chair and Superintendent may be required to respond during a crisis situation.
 - i. The Emergency Response Plan and Crisis Policy outline overall organizational protocol in such situations.

4. Social Media

- a. Social Media refers to online tools that provide individual users and/or organizations with the ability to create and share content with online communities. This could include, but is not limited to Facebook, Twitter, video/photo sharing sites such as Instagram, YouTube, blogs, etc. Aurora's website and social media platforms will enhance engagement with stakeholders.
- b. The Superintendent will ensure that the use of social media on behalf of Aurora School will reflect the principles outlined in this policy and in accordance with the Aurora School brand.

5. Considerations for Board and Staff Communications

- a. Communication between the Board and staff should be carried out with recognition of the distinct reporting relationship between the Board and the Superintendent as its only employee.
- b. In Board Meetings there are two situations that arise involving Director/staff communication.
 - i. The first is where an agenda item is identified with a staff member other than the Superintendent as the presenter. In this case, questions to and/or dialogue with the named staff are appropriate. The Board Chair, or the staff in question, should redirect questions that go clearly beyond the topic being presented, to the Superintendent or person delegated on a specific subject.
 - ii. The second situation involving general discussion will see questions to staff being directed through the Board Chair. The Board Chair will normally refer the questions to the Superintendent who may respond directly, may request a response from staff or may defer a response if internal discussion or decisions are required. The Board Chair may also defer a response based on his/her responsibility to ensure the effectiveness of the meeting.

Accountability:

Superintendent.

Responsibility

Principal(s)

Regulation

Aurora School expects parents to conduct themselves ethically and professionally. The school does not tolerate bullying, intimidation, or harassment towards its administrator, staff, students, volunteers, other parents, or any other member of the school community.

Parents are not permitted to disturb or interrupt teaching and other school proceedings, including those pertaining to instruction and/or supervision of students at school or school-related activities. If a parent wishes to have a detailed discussion about their child with a teacher, it is required that an appointment be made with that teacher or other faculty member in advance. This process is to ensure the teacher or faculty member can prepare and allow time for thorough discussion and scheduling.

Parents are expected to participate in scheduled meetings related to student progress, attendance, intervention planning, or placement review processes when requested by school administration.

Parents are welcome to wait in the school lobby area and check-in with the school receptionist or secretary for appointment(s) with staff. Please do not enter classrooms or move about the school hallways during school hours to assure security and safety for our students and staff.

If a parent has concerns with the services provided by the teacher to a child, the first discussion should be with the teacher after scheduling an appointment with the teacher. If concerns continue after discussion/meeting with the teacher, then the principal may be contacted by the parent.

Failure to engage in collaborative processes intended to support student success, including attendance improvement or intervention planning, may be considered interference with school operations.

At times, teaching and learning sequences may involve online/virtual sequences with teachers and students. At no time are any online/virtual learning sequences to be recorded by anyone. No sound or images are to be recorded at any time by anyone. This is to protect the privacy of all individuals, both students and staff involved in any online learning process.

Teaching and learning situations, either at school or online are private events between the teacher and the students, and all students and staff deserve privacy as mandated by POPA and ATIA Act legislation. Parents are not to participate or watch lessons at any time unless specifically invited to do so by the teacher for a very specific situation or time frame. Again, at no time should any teaching and/or learning sequence be recorded whether online or in-person.

Persistent criticism of or interference with school programs, teacher performance, attendance processes, or intervention measures that is unwarranted and/or unsubstantiated will not be tolerated.

The principal shall:

1. Provide parents with a copy and electronic access to the publicly posted Code of Conduct for Parents/Member.
2. Investigate all complaints of bullying, intimidation, or harassment towards its administrators, staff, students, volunteers, other parents, or any other member of the school community.
3. If it is determined through this investigation that a parent has not adequately followed BP 2040 Code of Conduct for Parents/Members, the principal will:
 - a. Make every reasonable attempt to meet with the parent.
 - b. Try to elicit the parent's help to reach a satisfactory resolution.
 - c. If satisfactory resolution cannot be reached or if the behaviour(s) persists, the principal according to the Education Act, may ban the parent from the school. This must be done in writing, and inform the parent that they are acting in contravention of the Education Act.
This decision must be made judiciously and with reasonable care.
This decision may be appealed to the superintendent in writing.

This authority may also apply in circumstances where persistent non-compliance or interference significantly impedes the school's ability to implement educational, attendance, or placement interventions.

The use of corporate credit cards should build efficiency by simplifying the acquisition, receipt and payments of purchases and travel expenses, supported by board policies and procedures. Credit cards should only be used when other means are not feasible.

Guidelines:

1. Corporate credit cards may be issued to the Superintendent, Principals, Secretary-Treasurer, Facilities Manager, and Technology Manager, and Foods Program lead teacher.
2. Credit cards are issued to individuals for their exclusive use and may not be used by anyone else, including assistants or administrative staff, under any circumstances. If purchases or transactions need to be made on behalf of the cardholder (e.g., by a secretary for a principal), these must be arranged through approved alternative methods, such as requisition forms or purchase orders. Allowing another individual to use a corporate credit card is considered a violation of the terms of use and may result in revocation of the card and/or other disciplinary actions.
3. Corporate credit cards should only be used when other forms of payment are not possible (ex. purchase order).
4. All persons who are issued a school credit card shall be required to sign an agreement regarding the acceptable use of the card.
5. The credit limit for each card is determined based on the position, as outlined in Appendix I. These limits, designed to reflect the responsibilities and financial needs of each role, are capped and reviewed periodically to ensure alignment with organizational requirements.
6. Selection of corporate credit cards should be on the basis of the lowest fees.
7. Any rewards, benefits, or points should be directed back to the school.

Appendix I: Credit Limits

Position	Proposed Credit Limit (\$)	Rationale
Superintendent	20,000	High-level authority for large expenses, conferences, and emergency needs.

STUDENT POLICY

Adopted: November 16, 2015
Revised: May 3, 2026
Review: 2031

Objective

To provide direction for implementation of Board Policy on admittance of students

Responsibility

Superintendent, Secretary-Treasurer, Principals

Regulation

Prerequisites to Admittance Prior to admittance of their children, parents/legal guardians shall attend an interview to review Aurora School's mission, philosophy, curriculum, teaching methodology, dress code, and discipline policy. Parents or guardians shall sign an interview sheet that outlines these items as well as gathers information about their children and their specific learning needs. Parents/legal guardians are strongly encouraged to consider whether or not the philosophy and practice of the school meets their family's needs and capabilities for the future. Students will complete a placement assessment during the initial interview to determine their readiness for the grade level that they are applying for. Admittance age requirements will be consistent with Alberta Education current legislation and regulations.

As AACS is a school of choice with a structured educational program, parents/legal guardians shall also review attendance expectations as part of the interview process. Regular and consistent attendance is a fundamental condition of continuing enrolment. During the registration process, parents/legal guardians will acknowledge their understanding that sustained non-attendance, except where supported by legitimate medical or human-rights-protected reasons, may result in formal intervention, discipline, or a determination that AACS is no longer an appropriate placement for the student in accordance with school policy and the Education Act.

Procedures

1. Parents/legal guardians begin the registration process for their child or children by completing AACS Waitlist Google Form. All pertinent information regarding the prospective student(s) along with required documents, must be entered, uploaded, and added for the application to be considered complete.
2. AACS will use an online register, maintained by the AACS registrar, through AACS Waitlist Google Forms pursuant to procedure B.1. All student information on the waitlist is managed strictly by the AACS Registrar using the online AACS Waitlist Google Form system.
 - a. Aurora School will not give out information regarding the waitlist position of the student.
 - b. Beginning in the 2026-2027 school year, waitlist will be determined by lottery in keeping with the AACS Charter Document.
3. When an opening becomes available, the parent/legal guardian of the selected student will be contacted by email and provided a scheduled appointment for placement assessment.
 - a. The school will only use the main email address provided in AACS Waitlist Google Forms.
 - b. Families will have 2 business days to respond to the email.

- c. At the time of placement assessment or offer of admission, parents/legal guardians will review and sign all required enrolment documentation, including acknowledgement of program expectations, student responsibilities, and attendance requirements as conditions of enrolment.
- 4. Students will be removed from the waitlist for whom:
 - i. The parent/legal guardian declined a placement assessment;
 - ii. The parent/legal guardian did not respond to the assessment or offer of admission within the designated time allowed;
 - iii. The parent/legal guardian declined the offer of admission;
 - iv. The parent/legal guardian withdrew after registration;
 - v. The information entered into AACCS Waitlist Google Form is determined inaccurate, false or misleading;
 - vi. The student had an unsuccessful assessment at Aurora School. A maximum of one assessment will be offered per school year. At the Principal's discretion, a student may be allowed to have a chance to do one more assessment the following year, otherwise the student will be removed from the waitlist and need to reapply.
- 5. Placement assessments will include:
 - a. Current school/preschool records and recommendations;
 - b. A grade-level assessment prepared by teachers under guidance of Principal at Aurora School;
 - c. An interview by a teacher or administrator, including a chance for parents/legal guardians to discuss the Aurora program and requirements.
- 6. Students who meet assessment requirements will be offered a position in that grade level. Students who do not meet requirements may re-apply onto the waitlist for the next school year.
- 7. Families who do not contact the Registrar and update any changes to their personal information will be considered inactive.
 - a. Parents are responsible for ensuring the AACCS Waitlist Google Form is completed correctly and that all submitted information remains current.
- 8. The current 2019/20 school year minimum entrance age for kindergarten children of Aurora is 4 years and 6 months as of September 1st of the year they begin kindergarten (four years prior to March 1st of the assessment year prior to kindergarten). For the 2020/21 school year and following years, as per current Education Act, minimum entrance age for kindergarten students is 5 years old on or before December 31st of the year the student is enrolled.

Continuing Enrolment

- 1. Students currently enrolled at AACCS are subject to an annual Continuing Enrolment process.
- 2. Continuing Enrolment is not automatic and is contingent upon a student's ongoing suitability for the AACCS program, including adherence to academic, behavioural, and attendance expectations.
- 3. Parents/legal guardians will be required to review and acknowledge Continuing Enrolment documentation each year, including confirmation of understanding that regular and consistent attendance is a fundamental condition of continued placement.
- 4. Where a student demonstrates extended or chronic non-attendance, or where attendance patterns approach the threshold of Chronic Non-Attendance, and where such absence is not supported by legitimate medical or human-rights-protected reasons, the school may initiate a review and assessment of the student's placement within the AACCS program. As part of this process, the school may:
 - i. Initiate formal intervention processes;
 - ii. Implement progressive discipline measures where appropriate;
 - iii. Assess the student's ongoing suitability for the AACCS program;
 - iv. Determine that AACCS is no longer an appropriate placement;
 - v. Decline to offer Continuing Enrolment for the subsequent school year.
- 5. Decisions regarding Continuing Enrolment will be made in accordance with AACCS Administrative Regulations, Board Policies, and the Education Act.

AURORA SCHOOL
UNIFORM
STUDENT POLICIES

Adopted: March 17, 2022
Revised:
Review: 2027

Aurora School Uniform

Background/Purpose

This policy sets out the purpose, intent, and guidelines of the use of uniforms at Aurora.

Policy Statement

Uniforms help build a sense of community in our schools and promote inclusivity and unity. Uniforms also increase school safety by quickly identifying students and non-students by teachers, reducing instances of bullying, and being less of a distraction during learning. Personal expression is valued and encouraged at Aurora. Aurora's uniforms are non-binary, meaning there are no 'girls' uniforms' or 'boys' uniforms.' Any item may be selected and worn by any student.

Definition

Uniforms include pants, skirts, shorts, skorts, shirts, dresses, sweaters/sweatshirts, and vests. Not included in this definition, nor policy, are coats, snow pants, other outerwear, hair accessories or shoes.

Guidelines

1. Students must be properly outfitted in the school uniform each day;
2. Uniforms must be purchased through Aurora School's uniform supplier and,
3. Tights and leggings do not need to be purchased through Aurora School's uniform supplier but should be plain white, blue, black, or grey.

ADMINISTRATIVE REGULATION

AURORA SCHOOL
UNIFORM
STUDENT POLICIES

Adopted: March 17, 2022
Revised:
Review: 2026

Aurora School Uniform

Objective

To provide direction for the implementation of Board Policy 6036 regarding the Aurora School Uniform.

Responsibility

School administration and teachers as required by the regulation

Regulation

- A. School Uniform
 - 1. Students must be properly outfitted in the school uniform each day as specified in the Aurora Student Handbook.
 - 2. Students are required to wear their gym uniform for Physical Education classes.
 - 3. To give Grades 5 – 9 students some autonomy, some uniform items can only be worn by students in these grades.
 - 4. School uniforms are required for select field trips or events (as deemed appropriate by the teacher and administrator) when representing Aurora Charter School.
- B. Dress Day
 - 1. Students are expected to be in dress day wear according to uniform requirements found in the Aurora Student Handbook on Mondays or as directed by the school administration.
- C. Alternative Dress Days (ADD)
 - 1. Alternative Dress Days (ADD) are scheduled throughout the school year to give students the opportunity to wear clothing outside of the school uniform.
 - 2. ADDs are themed and/or colour based according to the schedule found in the school newsletter.
- D. Non-Compliance Procedures
 - 1. First Occurrence: Providing there is a parent note, homeroom teachers will in most cases grant a one-day exemption for excuses such as, "in the wash," "forgotten at grandmother's," and so on. The student should carry the note initialed by the homeroom teacher so that it can be produced if questioned by another teacher or administrator.
 - 2. Second Occurrence: Teacher should place uniform sticker in homework book and/or contact parents.
 - 3. Third Occurrence: Teacher should provide a referral to administration so that contact with parents can be made advising them of the consequences of further non-compliance. If possible, have clothes delivered from home.
 - 4. Fourth Occurrence: Referral to the principal for a one-day full suspension.
 - 5. Fifth and Subsequent Occurrences: Further suspensions and possible application for expulsion.

This process may be preempted if particular students repeatedly do not comply. For new registrants during the school year, consideration may be given while they wait for their uniform order. At the beginning, there will likely be a few rulings required regarding acceptable uniform wear.

STUDENT DISCIPLINE
GOVERNANCE AND OPERATIONS

Adopted: February 18, 1998
Revised: April 23, 2026
Review: 2031

Background/Purpose

Effective student discipline is at the foundation of our program. This includes supporting student responsibility, engagement in learning, and adherence to the expectations of participation inherent in a school of choice environment.

Definitions

Personal Harassment Is defined as any behaviour that has as its intent or effect the alarm, provocation, intimidation, or belittlement of a person, regardless of medium (e.g., in-person, online), place, or time. It can include, but is not limited to, the following:

- a. unwanted physical contact
- b. unwelcome remarks or compromising invitations
- c. Degrading or demeaning language directed at an individual
- d. verbal abuse or display of suggestive material
- e. inappropriate gestures
- f. threats of physical harm
- g. bullying, as defined in the Education Act.

Bullying, as set out in the Education Act, includes repeated and hostile or demeaning behaviour by an individual in the school community where the behaviour is intended to cause harm, fear, or distress to another individual in the school community, including psychological harm or harm to reputation.

Disruptive or inappropriate conduct means behaviour that interferes with teaching, learning, safety, or the orderly operation of the school but does not necessarily meet the threshold of personal harassment. This may include, but is not limited to:

- a. use of profanity or inappropriate language
- b. disrespectful or defiant behaviour
- c. refusal to comply with reasonable direction
- d. conduct inconsistent with expectations of a school of choice

Suspension means exclusion of up to five school days from regular student activities (classes, school attendance, school transportation, or extra-curricular activities), in accordance with the Education Act.

Expulsion means exclusion from regular student activities for more than five school days, in accordance with the Education Act.

Policy Statement

An orderly, respectful, and studious environment allows for the fulfilment of our learning objectives. Furthermore, we believe that effective teaching and supervision alleviate the majority of discipline concerns. To be effective, our policy must be simple, fair to those concerned, fully communicated to our stakeholders, and fully enforced. Maintaining such an environment requires that students not only conduct themselves appropriately but also actively engage in the educational program, including meeting expectations related to regular attendance and participation.

1. Suspensions are defined as exclusions of up to five school days from regular student activities (classes, school, riding on a school bus, or extra-curricular activities). A suspended student may be reinstated by the Principal within five days.
2. Expulsions are defined as exclusions from regular student activities for more than five school days.

Guidelines

Our expectations for student behaviour are those found in The Education Act for Student Responsibilities. A student, as a partner in education, has the responsibility to:

1. attend school regularly and punctually,
2. be ready to learn and actively engage in and diligently pursue the student's education,
3. ensure that the student's conduct contributes to a welcoming, caring, respectful and safe learning environment that respects diversity and fosters a sense of belonging,
4. respect the rights of others in the school,
5. refrain from, report and not tolerate bullying or bullying behaviour directed toward others in the school, whether or not it occurs within the school building, during the school day or by electronic means,
6. comply with the rules of the school and the policies of the board,
7. cooperate with everyone authorised by the board to provide education programs and other services,
8. be accountable to the student's teachers and other school staff for the student's conduct, and
9. positively contribute to the student's school and community.

Failure to meet these responsibilities, including sustained non-attendance or refusal to engage in the educational program, may result in progressive intervention consistent with Administrative Regulations and the Education Act.

General Provisions

Expectations for School and Classroom Discipline Practices: It is expected that school and classroom discipline practices, in general, will be based on the following:

1. Treatment of individuals which is consistently typical of that which would be practised by a kind, firm, and judicious parent.
2. Procedures which are fair, objective, consistent, and reasonable.
3. Avoidance of threats and other measures that can be regarded as excessive.
4. Early detection of attendance concerns and other potential discipline problems and early action to resolve them without resorting to severe punitive measures. Where attendance concerns persist despite early intervention, further disciplinary or placement review processes may be initiated in accordance with Administrative Regulations.
5. Early and ongoing communication with parents throughout the entire process of dealing with discipline problems.
6. Students will participate in their own discipline improvement process in collaboration with the Student Learning Services team.
7. Recommendation for counselling services when deemed appropriate.
8. Concentration upon the development of positive school practices and effective teaching as a means of encouraging appropriate student behaviour and maintaining school order.
9. Prompt action to resolve discipline problems, especially those that may lead to a suspension.
10. Decisions regarding the use of disciplinary measures should be made on consideration of the following:
 - a. Effect of the student's behaviour upon other students, the staff, and the school.
 - b. Nature of the action or incident that calls for disciplinary measures.
 - c. Student's previous conduct.
 - d. Student's age and maturity.
 - e. Impact of the proposed action on the student's future behaviour.
 - f. Previous disciplinary actions

Expulsions

Expulsion is considered a measure of last resort and is reserved for circumstances where a student's conduct, including sustained non-compliance with program expectations, demonstrates that continued placement is no longer appropriate. Expulsion procedures, as set out in the Administrative Regulation, are to be consistent with the Education Act. If a student is suspended, the principal may recommend, prior to the end of the student's suspension, that the board expel the student if:

1. the student has displayed a willful, blatant and repeated refusal to comply with documented conditions of placement within the educational program following intervention and review, such that continued placement is no longer appropriate.
2. the student has displayed an attitude of willful, blatant and repeated refusal to comply with the Student Code of Conduct
3. the student's conduct, whether or not the conduct occurs within the school building or during the school day, is injurious to the physical or mental well-being of others in the school, or

4. the student has distributed an intimate image of another person knowing that the person depicted in the image did not consent to the distribution, or being reckless as to whether or not that person consented to the distribution.

Expulsion procedures must ensure that the rules of natural justice and due process are followed, including a right to request a review of the Board's decision by the Minister.

The seriousness of misbehaviour may warrant immediate suspension or a recommendation to the Board for expulsion on the first offence.

STUDENT
EVALUATION
STUDENT POLICIES

Adopted: November 16, 2015
Revised: August 30, 2024
Review: 2025

Objective:

To support the implementation of Board Policy on student evaluation

Responsibility:

School principals and teachers.

Regulation:

- A. Planning
Prior to the beginning of each school year, the Principals or their designates will ensure that yearly plans are submitted, made available to parents, and checked to ensure the Program of Studies is being covered. Unit plans and lesson plans will be kept in accordance with directives in the Staff Handbook.
- B. Reporting
 - a. Student progress will be summarized in three report cards per year in Primary and two interim reports and two end-of-year semester reports in Secondary. The Principals or their designates will review report cards prior to distribution.
 - b. As part of the Principal's annual (or semi-annual) report, an analysis will be made of student results on Provincial Achievement Tests and standardized tests such as the Canadian Achievement Test (4). This analysis should serve to enhance future curriculum and delivery.
- C. Parent-Teacher Conferences
Following the first and second report cards in Primary and interim reports in Secondary scheduled parent-teacher interviews will be arranged. The school calendar will stipulate the dates and times. These scheduled interviews in no way preclude teacher-parent meetings on other occasions as need be.
- D. Promotion, Retention, Acceleration
Basic to the Aurora School philosophy is the importance of quantifiable student achievement, and the belief that students cannot effectively cope with a particular level and course of studies, without having successfully completed the previous level and course of studies.

A summative evaluation for each child will be the final report card in June. Students must show readiness for the next grade, or will be offered a space to repeat their current grade.

- a. The following steps need to have been completed for students who are in danger of not meeting grade standards:
- b. No later than two weeks following the issuing of each report card, teachers must inform the Principal of the students for whom retention (or acceleration) is being considered.
- c. The Principal or designate will notify parents in an email and every attempt will be made for a conference to discuss strategies for improvement. The Principal will include in the email strategies and resources for improvement.
- d. No later than five weeks following the issuing of the spring report card, the Principal must inform the parent(s) in writing that retention (or acceleration) is being contemplated for their child.
- e. In the Secondary, parents and students who are at risk of retention will meet with the Principal at the beginning of June to discuss the standard that students must meet for the final report card. The results of the conversation will be emailed to parents as a final notification of retention standards. Where the Principal has reviewed all the important aspects of the student's situation, and retention or acceleration has been decided upon, a letter to that effect must accompany the final report card home.

- f. In the Primary, between the second and third report cards, every attempt should be made to meet with the parents of students for whom retention (or acceleration) is being contemplated, so that the situation can be thoroughly reviewed. Where the Principal has reviewed all the important aspects of the student's situation, and retention or acceleration has been decided upon, a letter to that effect must accompany the final report card home.
- E. Appeals
- Where a parent, and/or student has a concern about an evaluation strategy, technique, mark, or retention:
1. an informal resolution should be sought:
 - a. with the teacher of the course or grade
 - b. and if unresolved, with the Principal of the school
 - c. and if a resolution is still not reached, with the Superintendent
 2. A formal and written request for resolution of an issue which was not satisfied through informal discussion:
 - i. may be made to the Principal within one week of the incident, who will respond in email. Appeals of retention must be made within one week of the June report card.
 - ii. If unresolved, may be made to the Superintendent within one week of the Principal's decision
 - iii. the Superintendent will compile background information supporting his/her recommendation to the Board
 - iv. the Board will review the formal request and the Superintendent's background and recommendation prior to making a decision
- F. Course Challenges Grade 10-12
- f. A student may apply to the Principal to Any senior high school student in Alberta who believes that they possess the knowledge, skills and attitudes for a senior high school course, and is ready to demonstrate that achievement through a formal, summative assessment process, may request for course challenge to their principal. For diploma examination courses, this applies only to the school-awarded mark.
 - g. The student is responsible for providing evidence of readiness to challenge a course..
 - h. The senior high school principal shall make the final decision about the student's readiness for the course challenge. The principal shall base this decision on the consultation with the student, the parent(s) and the teacher of the course.
 - i. The Principal shall make arrangements to provide appropriate course challenge assessments for the full range of senior high school courses offered by the school authority, except for those courses in the Exceptions section of the Guide to Education
 - j. A student who successfully demonstrates through the course challenge process that they possess the outcomes for the course to at least the acceptable standard, shall be awarded a final course mark and credits for the course challenged, except in diploma examination courses, which require the school-awarded mark to be blended with the diploma examination mark. The percentage mark for the course challenge is to be reported in PASI.
 - k. Upon the student's successful completion of a course challenge, waived prerequisite credits and either a percentage mark or a "P" for pass are granted by the principal for courses lower in the course sequence. If a student wishes to receive a percentage mark on their Alberta Transcript.
 - l. A student shall attempt a particular course challenge only once. If the student is unsuccessful, but wants credit in the course or wishes to raise their mark, the student is required to take the course

EXTENDED ABSENCES
GOVERNANCE AND OPERATIONS

Adopted: March 2, 2004
Revised: April 23, 2026
Review: 2031

Background/Purpose

This policy outlines AACCS's expectations regarding extended absences, and affirms the importance of regular attendance as a foundational element of student participation in the AACCS program.

Policy Statement

Students learn best when they are present and engaged in the learning process. Aurora is unique and provides a structured academic program. There is a positive correlation between academic success and attendance at school; absences impact academic progress as well as the development of social skills, emotional well-being, and overall engagement in the learning process, illustrating the importance of regular attendance for holistic student growth. If families choose to take an extended absence, they must accept that there is an academic cost involved, which may result in lower academic performance and may also affect the student's ability to fully participate in and benefit from the AACCS program.

As a school of choice with a structured educational program, AACCS expects regular and consistent attendance as a fundamental condition of student participation. Extended or repeated absences, except where supported by legitimate student medical needs or for human-rights-protected reasons, may impact not only academic progress but also a student's ongoing suitability for placement within the program.

For the purposes of attendance monitoring, AACCS recognises chronic absence as absence from 10% or more of scheduled instructional time, whether calculated across the school year or, in semestered courses, across the applicable semester. This threshold is an indicator used to support identification, review, and intervention; it does not constitute an approved level of absence, limit the school's ability to address attendance concerns at an earlier stage, or guarantee continued placement or continuing enrolment.

Where extended absences are attributed to medical reasons, the school may require supporting documentation from the treating physician/regulated health professional licensed to practise in Alberta confirming the medical necessity and anticipated duration of the absence. Documentation must specify the expected duration of the absence or a date for reassessment. Indefinite or open-ended medical absences may be subject to periodic review by the school to determine appropriate educational programming, placement, or continuing enrolment considerations.

Where a student's pattern of extended or repeated absences materially interferes with participation in the AACCS program, the school will initiate a structured review process. This process may include documented meetings with parents/guardians, consultation with Student Learning Services where appropriate, and the development of attendance support strategies.

If, after reasonable intervention and communication efforts, attendance expectations continue not to be met without documented medical or human-rights-protected justification, the school may initiate a review of the student's continuing enrolment in accordance with related policies and the Appeal Procedure.

For the purposes of waitlist and enrolment, students presently attending Aurora School may be granted a leave of absence for a specified period of time. The decision to allow such leave would be dependent upon the school's ability to adjust to the new circumstances. Approval of leave does not guarantee continued placement or automatic continuing enrolment, particularly where attendance patterns raise concerns regarding program suitability.

STUDENT POLICIES

Adopted: November 16, 2015

Revised: May 3, 2026

Review: 2027

Objective

To support implementation of Board Policy on student attendance. As a public charter school of choice, and consistent with the Education Act, our expectation is that students attend school regularly and punctually. Regular and consistent attendance is a fundamental condition of continuing enrolment at AACs.

Responsibility

Principal(s) and Superintendent.

Definitions

- Attendance Board: The provincial Attendance Board established under the Education Act to consider matters of chronic non-attendance where local school authority efforts have not resolved the concern. Referrals may be made through Alberta Education's attendance referral process, including OSAR where applicable.
- Chronic Non-Attendance: Student absence, whether excused or unexcused, totalling 10% or more of instructional days over the course of a school year or semestered course. Chronic non-attendance may trigger formal intervention, placement review, and consideration of Continuing Enrolment.
- Extended Absence: An absence of 5–10 consecutive school days for any reason.
- Leave of Absence: An absence of 11 or more consecutive school days for any reason.
- Absences excused under Education Act s.7(4) include illness, unavoidable causes, religious holidays, suspensions/expulsions, or other reasons deemed acceptable by the Principal.
 - "Religious holidays" include the required day or days of observance, but do not ordinarily include associated travel time or extended holiday periods.

Guidelines

1. Extended Absence (5-10 days):
 - a. Parents/guardians must submit the Extended Absence Request Form and meet with the Principal prior to the absence. The Principal will approve or deny the request in writing.
2. Leave of Absence (11+ days):
 - a. Parents/guardians must submit the applicable absence request form and meet with the Principal prior to the absence. The Principal will forward the request, including dates, parental reasons, and academic impact, to the Superintendent.

- b. The Superintendent will make a final decision on whether the Leave of Absence is approved or denied and inform the parent and Principal in writing.
 - c. If the Leave of Absence is denied but the family still chooses to proceed with the absence, the Superintendent may refer the matter to the Board and/or to Alberta Education's provincial Attendance Board process, including OSAR where applicable, for review under the attendance provisions of the Education Act.
 - i. The matter may be referred for attendance intervention, placement review, and/or a determination regarding continuing enrolment at AACS, in accordance with applicable Board policy, administrative regulation, and statutory obligations.
 - ii. Where a pattern of extended or chronic absence exists, even where individual absences have been approved, the school may initiate a review and assessment of the student's placement within the AACS program.
 - d. If the Leave of Absence is approved, the approval will be confirmed in writing to the parents/guardians and Principal.
 - i. Notwithstanding approval, where a student's total absences reach or exceed 10% of the school year or a semestered course, the Principal and Superintendent may initiate an attendance review and, where local interventions have not resolved the concern, may refer the matter to the Board and/or to Alberta Education's provincial Attendance Board process, including OSAR where applicable.
 - ii. A student missing 20% of a semestered course in grades 10-12 may be reviewed for continued participation in the course, including possible withdrawal from the course where permitted and appropriate.
3. Attendance Review and Intervention
- a. Where student attendance becomes irregular or approaches the threshold of Chronic Non-Attendance, the Principal will initiate an attendance review process.
 - b. This process may include:
 - i. Parent meetings
 - ii. Attendance Improvement Plans (AIP)
 - iii. Documentation of barriers
 - iv. Support referrals
 - v. Monitoring timelines
 - c. Where attendance does not improve despite intervention, the school may initiate a formal placement assessment to determine the student's ongoing suitability for the AACS program.
 - d. Outcomes of this review may include:
 - i. Continued placement with conditions
 - ii. Referral to discipline processes where appropriate
 - iii. Determination that AACS is no longer an appropriate placement
 - iv. Non-offer of Continuing Enrolment for the subsequent school year
4. Missed Assessments
- a. In accordance with 6130 AR: Student Evaluation, missed assessments are recorded as ABS, with a value of zero. The zero may be replaced only when the assessment is completed or where otherwise addressed under the student evaluation process. Students will write missed assessments on the day they return, scheduled in a manner that minimises further learning loss. If multiple assessments are missed, teachers will create a schedule during the return week, which may include after-school completion.
 - b. Mark cut-off dates apply. Except in semestered courses, assessments missed after the cut-off date cannot be made up unless otherwise approved by the Principal in accordance with 6130 AR: Student Evaluation.
 - c. Year-end expectations: Students who do not demonstrate mastery by year-end will be subject to the applicable retention, promotion, and student evaluation procedures.
 - d. Final Exams
 - i. Final exams cannot be written early. If missed, they may only be written within the provincial writing window.
 - ii. Grades 3–9: Missed final exams are recorded as ABS (zero) and included in the final grade. Report cards will note what the grade would have been based on term work.
 - iii. Grades 10–12: Missed final exams are recorded as ABS (zero) but can be rewritten at the next exam period, replacing the zero.
 - iv. Grade 12 Diploma Exams: Students must register themselves through MyPass for the next sitting. Students must request Principal approval 3 months in advance so that an exam can be ordered.
 - v. All final exams must be written to participate in year-end activities, unless otherwise approved by the Principal in exceptional circumstances.
 - vi. Missing a final exam makes students ineligible for all awards, Valedictorian/Salutatorian, and honour roll, unless otherwise approved by the Principal in exceptional circumstances.

Responsibilities

Students and Parents

1. Students are required to attend regularly and punctually, come prepared to learn, and actively engage in their education (*Education Act* s.31).

5. Parents and students are expected to work with the school if attendance is irregular, including seeking necessary counselling or other supports.

VIDEO
SURVEILLANCE
FACILITIES & MANAGEMENT

Adopted: October 21, 2021
Revised: November 18, 2024
Review: 2029

Background/Purpose

In accordance with the Protection of Privacy Act and Access to Information Act (POPA and ATIA Act), only personal information collected by a video surveillance system that supports the safety of staff and students and the security of schools and facilities may be used. This includes use in investigations that could lead to disciplinary action (for both students and staff), legal proceedings, legislative compliance, or law enforcement purposes. It may also be used to enforce administrative regulations or comply with a court order.

The purpose of this Policy is to clearly communicate the purposes for and uses of video surveillance at or within the Aurora Academic Charter School (the "School"), and of video and audio surveillance on its school buses.

Policy Statement

Video surveillance systems may only be used where conventional measures to achieve law enforcement or public safety objectives, such as increased staff supervision or security guard patrol are significantly less effective or are not feasible, and the benefits of video surveillance substantially outweigh the reduction of privacy inherent in collecting personal information using a video surveillance system.

Guidelines

1. Rationale Required To Request Video Surveillance Systems
 - a. To request approval for the installation, replacement or expansion of a video surveillance system, a principal, transportation manager, or a senior administrator shall submit a written rationale to the Superintendent including but not limited to:
 - i. verifiable and specific reports of incidents of crime, vandalism or safety and security concerns
 - ii. examples of other deterrence or detection measures that were used or considered, along with reasons they were less effective or ineffective in addressing the concern
 - iii. staff consultation results regarding the necessity of the proposed video surveillance system.
 - iv. the identification of the location(s) of the proposed video surveillance camera(s) to provide viable measures of deterrence or detection
 - v. plans for the design and operation of the proposed video surveillance system that minimize intrusion on personal privacy.
2. Installation of Video Surveillance Systems and Retention of Records
 - a. All video surveillance systems connected to the network must comply with Aurora School's information technology standards.
 - b. Video surveillance cameras must not be used to monitor areas where individuals have a reasonable expectation of privacy including, but not limited to, change rooms and washrooms.
 - c. Recorded information shall be securely retained for 60 days.

3. Authorized Access To Video Surveillance Systems
 - a. Access is restricted to the principal, superintendent, facility manager, transportation manager, and assistant principals only when a specific incident or event necessitates investigation.
 - b. Authorized personnel must receive permission from the Superintendent or the Board Chair to view footage.
 - c. Circumstances warranting a review of video surveillance recordings include, but are not limited to:
 - i. incidents of safety and security that have been reported or observed
 - ii. for disciplinary, legal or legislative purposes
 - iii. for a law enforcement matter.
 - d. Video surveillance recordings may be shared with law enforcement upon presentation of a warrant or in cases involving vandalism, break-ins, or similar incidents under investigation.
 - e. In emergent situations where the issue is time-sensitive, the Board Chair or designate can suspend this policy.
4. Right Of Access Under The POPA and ATIA Act
 - a. Individuals whose personal information has been collected via video surveillance may request access to their records in accordance with the POPA and ATIA Act.
 - b. Any individual may request access to a video surveillance system recording or an extracted recording in accordance with the POPA and ATIA Act.
 - c. In the event of a lock down procedure, the principal, superintendent, transportation manager, or a senior administrator, or the person responsible for a school or facility, or law enforcement officials may have real time video surveillance access to the video surveillance system. Such access to real time video surveillance through the video surveillance system software shall be secured by username and password and shall only be used during a lockdown procedure.
5. Real Time Monitoring of Video Surveillance System
 - a. Active surveillance of the entrances is in place in order to ensure the safety of our students as there are not more effective or less obtrusive means of accomplishing the same level of safety and deterrence goals.
